- Calculus 1

PROJECTS:**Google Hack-A-Thon**

Team Member

November 2015

- Computer programmers collaborated intensively to create a software project for 24 hours. I collaborated with a group of six individuals to create a website addressing social justice using **HTML** and **CSS** that displayed trending hashtags from Twitter about social justice using the Twitter API. My role within the project was to work on the front end and design of the website using **HTML** and **CSS**.

Universal Care Support Services Website

Summer 2016

- I created a webpage using **HTML**, **CSS**, **Bootstrap**, **JavaScript**, and **PHP** for a woman starting up a care support services business. The website can be found at www.universalcaresupportservices.com

Personal Website

Summer 2016

- I created a personal webpage describing myself using **GitHub** to host it and the languages: **HTML**, **CSS**, and **Bootstrap**. This website can be found at leronjulian.github.io

EXPERIENCE:**Godiva Chocolatier, Orlando, Florida**

Sales Associate

November 2013 – May 2015

- Greeted 50 clients per day on average, engaged clients in the highest quality customer service which increased Godiva's sales, and gained experience in leadership and team building skills to create a better working environment for the workers and a better experience for the clients.

LEADERSHIP:**Morehouse College Freshman Class Council**

Council Chair

August 2015 - May 2016

- Plan events for the freshman class
- Work with the head of the school departments and represented the voice of the Freshman class

Morehouse College Sophomore Class Council

Public Relations Executive

August 2016 – Present

- Plan and direct public relations programs designed to create and maintain a favorable public image for the Sophomore Class
- Create marketing and promotional materials, both print and electronic.

AWARDS:

- Microsoft Scholarship Recipient
- Kappa Alpha Psi Scholarship Recipient
- Graduated top 5% of High School Class
- Graduated High School with International Baccalaureate Diploma
- Graduated High School as a distinguished National Honor Society Scholar

TECHNICAL SKILLS:

- Proficient in C++ and Python
- Basic knowledge of HTML5, CSS, Bootstrap, PHP, Github, and JavaScript
- Adobe Photoshop and Dream Weaver CS5 Certified
- Microsoft Office Certified

- Elementary French

VOLUNTEER EXPERIENCE:

- 280 Hours of Community Service teaching/mentoring after school K-3 Children at KIPP Strive Primary in the STEM field. (**August 2015 – May 2016**)
